

EUROPEAN TECHNOLOGY SUMMIT

Peter Dowds
Co-founder
Elder

Pete is the co-founder of Elder and previously co-founded Mopp, Europe's biggest home services platform which was acquired by Handy in a multi-million pound acquisition in 2014.

Between September 2014 and January 2016, Pete served as Director of International for Handy, in London and New York, leading the international business.

Mopp was founded in late 2012 and scaled from Pete and his co-founder Tom in their kitchen HQ with one customer, to a team of 50 at Mopp HQ in East London, serving 90,000 customers with a \$10 million turnover in a 19 month period.

Elder was founded in late 2015 to disrupt the multi-billion pound elderly care industry. Early team members have joined from Google, Amazon JustEat, Ocado and Babylon Health and some of Europe's leading VC investors have invested \$5 million in early funding.
