

# EUROPEAN TECHNOLOGY SUMMIT

**Bill Hau**

Vice President of International Services  
*Cylance*

Bill is the Vice President of International Services at Cylance, which helps organizations respond to and proactively protect against cyber security threats.

Bill's mission is to build out Cylance's international presence so he can help his clients respond to breaches around the world and contain them in a short matter of time. This ensures a minimal impact to his clients day to day operations.

Bill has over 18 years of experience in Information Security. He has worked both on the offensive and defensive side of security as well as having operational experience in CISO roles in industry. He was worked on some of the largest breaches in the world and within all industry sectors from Defense, Government and Commercial Organizations helping defend them while they are under massive sustained active attack.

He has written many whitepapers/ blogs on the topic, his latest relating to issues with Cisco Routers.

Bill has an MSc in Information Security from Royal Holloway, University of London, where he specialized in advanced cryptography, and holds industry certifications.
